

# SOLITUDE™ Seating

Solitude is offered in a wide variety of finish options. With these varied options, Solitude's style can be tailored to enhance any environment. A unique blend of elegant design and affordability makes Solitude an appropriate solution for a range of settings.

Solitude's comfort derives from its innovative shell structure. Shells are also available in a fixed seat and back version. Durable poly is available in black, warm grey, wine, navy or mustard yellow.

Upholstered fixed seat and back models enhance your design color options. A cushioned upholstered seat and back give you the utmost comfort, style and design choices.

Have a stain that won't come out, or experience normal wear and tear? No problem. All fixed seat and backs are easily field replaceable. A facilitators wish, a seating line that can be easily maintained for years to come.

Solitude is available in armless or armchair versions. Frames are finished in standard OEI powder-coated finishes or chrome. An optional dolly is available.

Solitude is an advanced, contemporary line of seating that will turn heads in your office.

The curved armrests of the Solitude chair are made of durable nylon reinforced with fiberglass.

Solitude frame options include the 45 standard epoxy powder coated colors.

Armrest or tube end cap color is available in Black, Warm Grey, Wine, Navy or Mustard Yellow.

Solitude Seating can stack 8 high on the floor or 12 high on the tubular steel framed dolly.

# SOLITUDE™ Seating

Solitude™ Seating offers high design at a moderate price. It provides a distinctive and affordable means of expressing an organization's commitment to quality and style. Solitude is an elegant stack chair solution for guest seating, food service, conferencing and waiting areas.

Solitude also offers remarkable comfort due to its back flex. Its unique shell, which is contoured and scaled to minimize pressure points, contributes to Solitude's exceptional comfort.

Solitude's strong visual impact is readily apparent. Whether grouped in a conference setting, or used singly as a side chair, Solitude reflects a contemporary, cutting-edge attitude.

The fiberglass reinforced arm provides strength and design appeal.

Backrest ribbing provides the optimum balance of flex and support.

A textured surface adds visual interest to the shell.

Ball and socket glides are available in chrome or black plastic.
